Subject Re Cherokee County railway midnite hauling/ownership
query

Made a call to the Staubach Company, Permit Department at 817-230-2626. They are the BNSF contractor for access and permits.

I picked them rather than the BNSF real estate dept. since they deal with EPA more frequently, even though we are not seeking access. It is still an environmental response issue. One of the first things they do in granting access is determining whether BNSF owns the property.

I was only able to leave a message for the person to call me back.

If I don't hear, I will call again.
